Regulations for State and County & District Fairs

ATCP 160.01 DEFINITIONS. As used in this chapter:

1. "Division" means a grouping in which exhibits may be entered, including an animal breed or age group for animal exhibits; a type of produce, crop or food; or a specific age, age group or educational grade level or exhibitor.
2. "Department" as it relates to the organizational structure of the fair, means an animal species, production group, or other principal classification of exhibits. As used in any other context, "department" means the state of Wisconsin department of agriculture, trade and consumer protection.
3. "Division" also means one of three exhibitor group classification for a fair and is limited to junior division, open division or senior citizen division.
4. "Class" or "class number" means the numerical designation assigned by a local fair for a specific category of exhibits within a class.
5. "Premium" means a monetary prize that a county or district fair awards to an exhibitor after judging all competing exhibits in the class to which the premium pertains.

ATCP 160.02 PREMIUM REQUIREMENTS.

1. GENERAL. (a) The state aid authorized by s. 93.23(1) Stats. may be paid only on net premiums, which consist of total premiums paid less total entry fees received. The department may withhold state premium aid from any fair which does not enforce the animal health provisions required under ch. ATCP 10 for all classes of livestock exhibited at the fair. State aid will be paid only on premiums actually paid by bank check or draft.
 - (b) No deductions may be made from premium money won by an exhibitor. Premiums may, however, be withheld where exhibition rules established by the fair association are violated. A written statement of violation shall be submitted to the department to justify action taken by a local fair.
 - (c) Premiums offered shall be definite in amount. No decrease or increase in published premiums may be made because of the financial condition or the organization or for any other reason.
 - (d) State aid may be paid on no more than 2 premiums awarded an exhibitor under one premium or lot number in open division individual livestock classes except poultry and rabbits, and no more than one premium in all other classes, including poultry and rabbits.
 - (e) No county or district fair may receive state aid for a premium awarded to any exhibitor in the open division if that exhibitor entered the same exhibit in the junior division at the same county or district fair. This paragraph does not apply if the exhibit was entered in the junior division only as part of a herd group, carcass class or performance class.

(f) No state aid will be paid on the cost of ribbons, cups, trophy prizes or entertainment contests.

2. PREMIUM LISTS.

(a) Premiums for which state aid is requested by county and district fair shall conform with the uniform premium list and other requirements set forth in these rules. Fairs requesting state aid for net premiums shall submit to the department a printed copy of the premium list used at the fair, as requested under s. ATCP 160.92(3).

(b) The officers of each fair shall mail a copy of the premium list to other associations, societies, or boards conducting a fair in Wisconsin upon request.

(c) Sections ATCP 160.01 through 160.07 and 160.91 shall be published in premium books used by a fair for which state aid is requested.

3. ENTRY FEES.

(a) A county or district fair may charge an exhibitor an entry fee. The entry fee may not exceed 10% of the sum of all premiums offered to exhibitors in the same class for which the entry fee is charged. In

lieu of an entry fee, a county or district fair may charge stall rents for horses, cattle, sheep, goats, swine, poultry, rabbits or pets

(b) Exhibitors in educational and school departments shall not be

required to purchase an exhibitor's ticket. Any other exhibitor may be required, if no entry fee is charged, to purchase an exhibitor's season ticket at a price not to exceed that charged for a non-exhibitor's season ticket.

4. SPLIT FAIR DATES:

(a) For purposes of this subsection, "split fair dates" occur when a fair organization judges exhibits or contests and pays premiums at more than one time or at more than one location during the calendar year.

(b) Except as provided under par. (c), the department may not pay state aid for a fair having split dates unless the department gives advance written approval for a split fair. The department may approve split fair dates only if the fair organization justifies the split dates based on extreme hardship. If the department approves split dates, all blue ribbon winners shall repeat their demonstrations or exhibits at the regular fair dates unless the department grants a hardship exemption. An exhibitor may use audio-visual media, still photography or an educational display to repeat a demonstration or exhibit.

(c) The department may pay state aid for the following exhibits or contests in a fair having split dates, regardless of whether the department approves those split dates in advance: 1. Clothing revue. 2. Demonstrations. 3. Favorite foods revue. 4. Dogs. 5. Small animals. 6. Rocketry. 7. Shooting sports. 8. Other exhibits and contests that are similar to those identified in subsds. 1. to 7.

ATCP 160.03 EXHIBITION REQUIREMENTS.

A county or district fair shall meet all of the exhibition requirements of this section to be eligible for state premium aid.

No fair society or other organization sponsoring a county or district fair shall require an exhibitor to become a member of the organization in order to enter an exhibit at the fair, nor shall the sponsoring organization make any deduction from an exhibitor's premium as a donation to the fair society or require an exhibitor in any way to make donation to the society.

1. State aid may not be approved for out-of-state exhibits or for separate classes of local and non-local exhibitors. Aid may not be approved for payment of premiums to an exhibitor having an out-of-state address but claiming Wisconsin residency unless the fair secretary provides the department with an affidavit that the exhibitor's residence is geographically located within the state.
2. State aid may be paid only on articles or animals actually on display in an exhibit building or actually shown on the show ring on regular fair dates unless approval for split fair dates is obtained under s. ATCP 160.02 (4). State aid may not be paid on Dairy Herd Improvement Association records, transportation aid, production contests or other special educational exhibits unless prior approval is obtained under s. ATCP 160.04 (8).

RULES & REGULATIONS

ATCP 160.03 EXHIBITION REQUIREMENTS (CONTINUED).

- State aid may not be paid on exhibits removed from the fairgrounds before 4 pm on the last day of the fair, or such other later time as may be specified by the fair, without prior approval of the department. In other hardship cases, approval may be granted by the local fair. Exhibits in dog obedience and small animal pet classes may be judged during the regular fair but are not required to remain present during the entire fair. The local fair may prescribe the length of time junior fair exhibitors or horses shall keep their animals on the grounds.

ATCP 160.04 JUNIOR FAIR DIVISION; GENERAL REQUIREMENTS.

- In the junior fair division, the department may pay state aid on prizes offered to exhibitors who are under 20 years of age on January 1 of the current fair year. A county or district fair board may establish subgroups within a junior fair entry class based on the exhibitor's grade in school. The department may not pay state aid on prizes for club parades, club floats, song contests, or a project which is not an exhibit or demonstration at the fair.
- All exhibitors in the junior fair division shall be members of 4-H, FFA, a scouting program, a breed group, or another recognized youth organization under adult leadership that has an education program appropriate to that organization and is approved by the fair board.
- Exhibits in the junior fair shall be the product of the exhibitor's own labor. An exhibit may include a study project, merit project or other special project, a skill area, or a supervised occupational experience in which the exhibitor is regularly enrolled, provided that the fair board approves the project, skill area, or supervised occupational experience as an exhibit.
- State aid may be used for the payment of no more than one premium awarded an exhibitor under any one premium or class number in the junior fair division, except when awarded as part of a group in livestock exhibitors in showmanship.

IV, within each of the junior fair departments 9, 10, 13 to 16, 18, and 20 to 29, a fair board may establish one or more entry classes for self-determined projects that are related to that department. The fair board may establish class entry criteria, including student grade level criteria. Entry classes are open to 4-H members enrolled in a designated 4-H project or an alternative project that follows 4-H project guidelines, and to members of other youth organizations that do equivalent work and apply equivalent guidelines. Exhibits may be judged using the regular or Danish judging system. For each entry class, a fair board may pay first place to fourth-place premiums at any of the levels designated by the board.
- If 16 or more animals, items or articles are entered in any junior fair class, the class may be divided into 2 or more approximately equal groups according to weight, age or other identifying characteristics and each group judged as a class.
- Special educational exhibits may be established if the proposal is presented to the Wisconsin association of fairs before October 1 of the year preceding its proposed establishment and the exhibit is approved by the department.
- Within any junior fair department under subch. IV, a county or district fair may establish special classes where none are specified under subch. IV. Special classes may include classes for grade and crossbred females in the beef, swine, sheep and horse departments. Premiums for special classes created under this subsection shall be equal to premiums for comparable classes established in the same department under subch. IV.

ATCP 160.05 OPEN DIVISION, GENERAL REQUIREMENTS.

- The total maximum premiums set forth for all places in any open division livestock class, excluding poultry and rabbits, may be divided into premiums for a greater number of places, but the maximum premium offered for any additional place shall not be higher than the maximum for last place in the class.

- All animals in any open division class shall be owned by the exhibitor, except as provided in s. ATCP 160.09.

- Except as provided under par. (b), no county or district fair may receive state aid for sexually intact male dairy cattle, beef cattle, sheep, goats, swine or horses unless those animals are registered purebreds. Registered purebred status shall be documented by a certificate of registry from the appropriate breed association or society, or by a copy of the application for registration.
 - Paragraph (a) does not apply to dairy cattle exhibited at a county or district fair if a national breed association certifies that those dairy cattle are recorded in that breed association's qualified herd book which records the genealogy of that breed.
- Any animal entered as part of a group class may also be exhibited in a class for individual animals.
- Boars may not be entered as an exhibit in the swine department unless their tusks have been removed.

Animal Health Regulations

Fairs and Shows in Wisconsin: 2026 Season

This is a summary of animal health requirements for fairs, shows, and exhibitions. They are not necessarily the same as requirements for importing animals into Wisconsin or moving them within the state for other purposes. They may change if animal diseases occur in Wisconsin or elsewhere, so always check datcp.wi.gov or contact us for current information. Fairs or exhibitions may have their own additional requirements. Exhibitors should contact the event organizers for more information. Ref. s. ATCP 10.87, Wis. Admin. Code.

<p>General requirements for event organizers</p>	<p>All fairs or exhibitions of any length must obtain, review, and keep for five years all required records and test results:</p> <ul style="list-style-type: none"> • Exhibitor's name and address • Animal identification (number, type, description, and, when required, official identification (<i>see requirements for different animals below</i>)) • Documents showing compliance with disease testing and other health requirements • Livestock premises number, if any, where animals originated • Documentation showing legal importation to the event (if applicable) and, when required, movement to the event (<i>see requirements for different animals below</i>) • For swine, a record of any swine transported directly to a slaughtering establishment • For swine, a record of any swine transported to an animal market where all animals sold at the market sale for that day were shipped directly to a slaughtering establishment <p>Fairs or exhibitions lasting more than 24 hours must appoint a licensed veterinarian to inspect all animals daily.</p> <p>Note: Except in specific circumstances, if an animal already bears an official 840 eartag, that eartag must not be removed and additional official eartags must not be applied. Instead, the existing eartag must be read and recorded when a record of that animal is required. (Ref. s. ATCP 10.045, Wis. Admin. Code)</p> <p>These regulations apply to all fairs and exhibitions, including additional events (like rodeos, shows, or other organized events) that occur in conjunction with the fair.</p>
<p>Diseases</p>	<p>Lactating Dairy Cattle:</p> <p>Effective April 29, 2024 and June 19, 2024 respectively, all lactating dairy cattle moved interstate and lactating dairy cattle moved to fairs, shows, and exhibitions in Wisconsin are required to have a negative influenza A test from a milk sample collected within seven (7) days of movement. For more information see: DATCP Home Highly Pathogenic Avian Influenza (H5N1) in Dairy Cattle (wi.gov)</p> <p>Animals that show evidence of having contagious or infectious diseases may not be commingled (or housed/kept) with other animals at a fair, show, or other exhibition in such a way as to allow disease to spread. Such animals should not attend the fair, show, or exhibition. Animals may be denied entry if they arrive at these events with contagious or infectious diseases, isolated and/or removed if they develop disease after arriving or be subject to other action as would be necessary to control disease. (Ref. s. ATCP 10.08(1), Wis. Admin. Code)</p> <p>Bovine animals with ringworm, mange, warts or scab will be removed from the fair or exhibition premises, unless the veterinarian in charge finds warts or ringworm lesions are incapable of transmitting disease.</p>
